INFORMATION BULLETIN 96-09

TO: CONSULTANTS

FROM: ENGINEERING CONSULTANTS SECTION *AWB*

SUBJECT: PIPE SELECTION GUIDELINES AND PROCEDURES TRAINING

The Roadway Design Section will provide training for design consultants on the Pipe Selection Guidelines and Procedures publication that was issued this past February. The training will be held on Friday, May 31, from 1:00 to 3:00 PM in the ADOT Auditorium at 206 S. 17th Ave. There is no charge for this presentation.

Design consultants that are performing or anticipate performing drainage design and pipe selection for ADOT projects or projects following ADOT design criteria should benefit from this information. The Guidelines are available from Engineering Records (telephone 255-7498, document # 31-086) for a nominal cost of \$3.00. It is recommended that the Guidelines be reviewed prior to the training to receive the most benefit.

It is anticipated that one training session for consultants will be conducted at this time. If there are any questions regarding the training or the Guidelines please contact Terry Otterness or John Carr at 255-7341.
